Snapshots of Our Week

READING:

We continue to work on emotional connecting with our characters and situations in our books. As a class, we are analyzing author writing to go deeper into author's craft.

WRITING: **Personal Narrative**

We are working to add our author's craft that we use in our reading response to our everyday writing.

MATH: **Chapter 4: 2 Digit Division**

Our Chapter 3 test will be Wednesday. Students should have been studying for this since last week! Our next chapter will be division with 2-digit divisors. This relies on student knowledge of the division process as well as estimation skills.

SCIENCE/SOCIAL STUDIES:

Today students were assessed on chapter 4 – How and Why Europeans Came to the Americas. Thank you for your support in helping your child prepare for this test. Our next chapter will focus on specific explorers. Once we wrap up that chapter, we will be investigating forces and motion in science.

FROM THE TEACHER:

This year we will be having an ornament exchange at our Holiday Party. Each student should bring in a wrapped ornament. Please make sure these are not pre-labeled with student names nor are gender specific as we do a passing game to exchange ornaments. Please keep the cost to under \$5. The ornaments should be new. Wal Mart, dollar stores, & Target offer a good selection of budget conscience ornaments.
